ROCKCASTLE COUNTY'S FIRST CALL

From the following list of 206 men it is expected that 103, Rockcastle county's quota on the first call for army service, will be secured. It is believed that the exemptions will not exceed 50 per cent, if they reach that high. The list given below is not official, and such mistakes as may occur, will be corrected as soon as the official list is given out.

The number on the right is the local number, while that on the left is the corresponding number by which the bearer is known in the war department.

LOOK and READ WHAT THE VOTERS SAY

To My Friends Throughout the County:

My opponents, Mr. Mullins and Mr. Ballard, are trying to deceive the voters of the county by telling them that I have no chance to win. Mr. Mullins is telling the people to vote for him to defeat Ballard, and Mr. Ballard is telling the people to vote for him to defeat Mullins, and the people say vote for Griffin to defeat them both. The facts are that Ballard and Mullins are both in the middle

J. N. GRIFFIN

of a bad fix. Four years ago Ballard and Mullins ran together for county judge and sheriff and were both elected. Now to make a big show they decided to have a \$100,000 bond issue to build turnpikes and bridges, Boone Trail and Dixie Highway in the county, and by their cunning tricks they manipulated the bond issue through and got the \$100,000. They made speeches all over the county and told the people they would build pikes four ways through the county. The facts are they have built about seven miles of road or will have that much by the time the money is gone. Now this is all the pike we will have with the \$100,000 except a few miles of graded dirt

road. They have got mad at each other over the pork barrel and are saying very hard things about each other.

Ballard and his gang remind me of the sow that drunk all the slop and Mullins and his gang remind me of the shoats and little pigs standing off a squealing.

Voters, I want to say the main issue in this campaign is whether you will return either of these men to office, to run the county further in debt by issuing bonds and drawing vouchers on the county treasurer and then falling out with each other and fighting and spitting over the booty.

Mr. Mullins said in an article of recent date that if I was elected county judge I would place a heavier burden of taxation on the people to work the county roads. Well, let's see about that. For twenty years we have been working the roads under the militia system. The people in the country have had to work the roads six days each year for twenty years. In the towns of Mt. Vernon, Broadhead and Livingston live about four hundred men that are in the militia age and don't work the county roads and only pay about \$1.00 poll tax. So in twenty years the man in town has paid \$20.00 and has had the use of the roads all the time, while the man in the country in twenty years has worked the road six days each year making in all 120 days at \$1.00 per day which would be \$120. So, can't you see at once the people in the country have paid \$120.00 to keep up the county roads while the fellows in town have paid only \$20.00? This is one reason why I am in favor of improving and building the roads by taxation and place the burden of public improvements on all and everyone alike. On the principle of treating all alike, the people are for me for county judge.

The following names of voters state just how I stand on this side of the county, and all the artillery they can turn loose from Somerset and Mt. Vernon will make the people that much stronger for me for county judge:

We, the undersigned Republican voters of West Mt. Vernon, North Broadhead and Brown's Precincts, take this method to inform the voters in other parts of the county that the people on this side of the county are for J. N. Griffin for county judge, and we are in a position to know that he will carry these precincts by a large majority:

G. H. VANDEVENTER of Laurel County, for REPRESENTATIVE GETS FIRST PLACE ON BALLOT

His father was born and raised in Rockcastle County, on Skaggs creek, removed to Laurel County, where this son was born. Attended public schools of Laurel and he is now one of Laurel county's first-class teachers. Served in the Philippine Islands in the U. S. Army.

He favors, and will work for, a school book law that will stop changing kind of books used by children, thus saving thousands of dollars to parents.

He favors cutting out useless offices, such as fish wardens, game wardens, fire marshalls, etc., and appropriating such money to a fund that will increase jurymens services to \$3.00 per day.

Improvement of schools, morality, temperance, efficiency, kindness and good will to all, is his aim. If you believe in a square deal ask your friends to not forget Vandeventer.

REPUBLICAN PRIMARY, AUG. 4.

E. R. GENTRY.

To the Republican Voters of Rockcastle County:—

On the eve of the election, I want to appeal to you to think seriously over the nomination for County Attorney. I am making this fight, as I have tried to conduct myself in office, clean and above board, and if I have to engage in the kind of low down, dirty politics we have had in this county since I can first remember, to win this race, I will have to lose it. I am making the race on my own merits and not on the demerits of my opponents. I am engaging in no "mud-slinging" speeches and I am not going to, although if what my opponents say of each other is true, I could certainly find lots of material for that kind of a campaign. I have tried to live and conduct myself in office in such a way that you would not be ashamed for your own boy to follow the example and I am making this campaign in the same manner.

In every article which I have written, I have asked my opponents and the voters to show anything which was "crooked" about my record. They have made some feeble attempts to do that and I want to answer them as far as space will permit. One of them charged that I ordered an officer not to arrest two men who were coming into Mt. Vernon with whisky. I promptly branded that as a falsehood, I made an affidavit that it was false, proved by the officer referred to that it was false and have heard no more about it. They are charging that I have failed to oppose claims before the Fiscal Court. I want to say to you that I have never missed a meeting of the Fiscal Court since I have been County Attorney. I have never failed to oppose publicly and openly any claim which I believed to be illegal or unjust, and those who have attended meetings of the Fiscal Court know this to be true. I have opposed with all my power every act of the Fiscal Court which I did not deem for the interest of the tax payers, and have conscientiously worked for the betterment of the county and its people. I understand that one of my opponents in an attempt to show something wrong, is referring to an appropriation to the jailer of the county for "Louse Killer." That appropriation, as everybody, including my opponents know, was for a liquid disinfectant bought by Mr. Winstead, as he had a right to do, for use around the court house and jail, and the Clerk making the order, used the term "Louse Killer" in a spirit of fun. That is a pretty "flimsy" charge and if there was anything wrong with that appropriation I failed to see it. I think everybody will agree that when I went in to office, there were certain parts of the court house, at least, which needed a "disinfectant" of some kind. This same opponent attempts to mislead the voters, by making some figures which

When a vessel is in distress
at sea, it sends its S. O. S. calls
over longwires and leagues of
ocean. These appeals are an-
swered by the brave and loyal
sons of the sea. This loyalty,
on the part of some brave sea
men, often means life to his
fellow man. There is an appeal
coming to us today. It is the
"Save, Oh Save" of our Allies in
Europe. Their women and child-
ren, possibly their armies, are
facing hunger. This call is com-
ing across our broad fields. It
comes from sections famished
by war. In many of these sec-
tions are the families of the men
who are fighting for the cause
that means so much to us. We
are a great agricultural nation,
and our biggest task is to feed
our people and our Allies. These
people are anxious to buy, and
pay well for, all the food that
we can spare. And our loyalty
to them means life. If the hun-
gry wife and hollow eyed child-
ren of a brave soldier were be-
fore our doors when the vege-
tables from our gardens, the
fruit from our trees, and the pro-
ducts of our fields are going to
waste, we would say, this must
not be, we are a Christian peo-
ple. God has sent these people
to us and we must care for
them. But this obligation rests
upon us as a Christian people
just as much as if these people
were at our very doors. We
can not be loyal to those who
are fighting for us, as we are
fighting for them, and waste.
We are not a right thinking

people and waste conscientiously.
We can not waste and be truly
Christians.

There is more a tarrh in this
section of the country than all
other diseases put together, and
for years it was supposed to be
incurable. Doctors prescribed lo-
cal remedies, and by constantly
failing to cure with local treat-
ment, pronounced it incurable.
Catarrh is a local disease greatly
influenced by constitutional con-
ditions and therefore requires
constitutional treatment. Hall's
Catarrh Medicine, manufactured
by F. J. Cheney & Co., Toledo,
Ohio, is a constitutional remedy,
is taken internally and acts upon
the blood on the mucous sur-
faces of the system. One Hun-
dred Dollars reward is offered for
any case that Hall's Catarrh Me-
dicine fails to cure. Send for par-
ticulars and testimonials.

The following is a copy of the
resolutions passed by the recent
Rockcastle County Teachers In-
stitute. We wish to call your
particular attention to eighth res-
olution urging the support of
the Rural School Fair to be held
at Mt. Vernon on the 26 and 27
of October. Only through the
cooperation of the good people
of the county seat and the rural
teacher will this project be made
a success. The teachers have
already pledged their support
and we are sure that the citizens
of Mt. Vernon and Rockcastle
are going to do their part. This
being true the Fair will be a suc-
cess and on the days of the
Fair there will be a great army of
people in Mt. Vernon who are
interested in the welfare of the
boys and girls of our county. A
list of the prizes will be pub-
lished in the Signal not later
than the first week in Septem-
ber. In the mean time the boys
and girls should be saving their
best farm produce to enter and
doing their best school work
preparatory to making something
to put on exhibition. There
will be three exhibitions; as fol-
lows, farm, and garden pro-
duce, hand work for boys and
girls, and a display of school
work. There will also be a
speaking contest for boys and
one for the girls, this will be on
Friday night before the rural
schools come in a body.

We the Committee on Resolu-
tions submit the following re-
port:
Resolved:—First, That we ex-
tend to the people of Mt. Vernon
our thanks for the many cour-
tesies shown us.

Second:—That we extend to
the Rev. George Childress and
his class our thanks for the
splendid music rendered.

Third:—That we appreciate the
earnest effort of Mrs. Davis as
County Superintendent and Mr.
J. O. Scoggin, Rural Supervisor.

Fourth:—That we heartily en-
dorse the action of the institute
in the effort to enforce the com-
pulsory school laws.

Fifth:—Death having removed
from our ranks our esteemed
friend and co worker, the Rev.
J. W. VanWinkle, one of the
most conscientious and faithful
teachers of our county.

Resolved. That our deepest
sympathy be extended to the be-
lieved family and that a copy of
these resolutions be furnished
them.

Sixth:—That we highly appre-
ciate the work of Prof. Ireland
as instructor and regard this in-
stitute the best we have had for
several years and we respectfully
ask that Mr. Ireland have charge
of the 1918 institute of Rockcas-
tle County.

Seventh:—That we endorse
the action of the County Boards
of Education of Ky., in making
debts which are within the
bounds of the law and building
and equipping school houses for
the children of the state.

movement for school fairs and

Saturday, July 28

It is the intention of these speakers to urge the candidacy of **MR. MULLINS**

for the Republican nomination for County Judge, and attention of the taxpayers will be called to the present outrageous financial condition of Rockcastle County.

EVERYBODY INVITED.

TO THE REPUBLICANS OF ROCKCASTLE COUNTY:

TIP LANGFORD

I have just received a message to come to the bedside of my brother, D. B. Langford, who is not expected to live. It may be that he will linger for a few days, and there is a faint hope of his recovery. His sickness causes me to have to suspend my canvass in behalf of my candidacy for the Republican nomination for Sheriff for the present and will prevent me from seeing a great many of the voters that I expected to see between now and the primary. However, I will be back in the field as soon as I can leave my brother. I want to appeal to my friends not to let my interests be overlooked from now on until the primary. I may not get to see you in person, but ask that you work as earnestly as though I had seen you. This is the last statement that I expect to issue to the public before the primary and is my final call upon my friends. With the assurances of support that I have received from everywhere, I am confident of victory.

Again thanking you for what you have already done for me, I beg to subscribe myself,

Sincerely yours,

Tip Langford

Pale Faced Women Take Phosphates to Make Rosy Cheeks and Beautiful Forms. Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies.

Athletes increase their strength, energy and endurance 200 per cent or more by simply taking a few weeks treatment of Argo-Phosphate.

Atlanta, Ga. Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all chronic conditions and the administration of 5 grain Argo Phosphate tablets will increase the strength and endurance of weak, nervous, corpulent men and women 200 per cent in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim, vigor and vitality to the whole body. I always prescribe Argo Phosphates to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy checked beauty. There can be rosy checked, healthy, beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequences of a deficiency of Phosphates in the blood of American men and women, I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo Phosphate for weak, worn out, haggard looking men and women. When the skin is pale, and flesh flabby, it is a sign of

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spill of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spill. Give Cardui a trial.

Vernon and all report a nice time and feel benefited by having been there. — Mr. and Mrs. W. C. Thomason and children are visiting Mrs. E. B. - 4th Because he will keep his promises;
- 5th Because he will always keep his promises;

- 7th Because he will enforce the law;
- 8th Because he knows a legal claim against the county and his signature as County Judge will never be found to any other.
- 9th Because he will see that the people's money is not squandered;
- 10th Because he has a clean personal and official record;
- 11th Because he is a Republican;
- 12th Because he will be the winner.

TO THE REPUBLICANS OF ROCK-CASTLE COUNTY:

DAVE CLARK.

AS THE PRIMARY ELECTION is drawing near and the Republicans are about to select a candidate for SHERIFF, and as it has been impossible for me to see every voter, I take this method of saying to those that I have not seen that I will win this nomination. As was stated in my former announcement that should I be the winner that Moses McNew, of Wildie, and John Shade Helton, of Spiro, will be my deputies. I trust that I may see you and that you will help me win this race.

and if so I will make you an officer that will be of credit to myself and our county and no one will ever have cause to regret voting for me.

Your support will be highly appreciated by

Your friend,

DAVE CLARK.

To my Republican Friends:

This is probably my last chance to say anything to you before you go to the polls on August 4th to nominate a Republican candidate for County Court Clerk. I want to thank each of you for your liberal support in helping me assure my nomination for this office and I trust you will continue your support. Should I be nominated I shall be grateful to you. I have not the slightest idea that I will not win but I want to warn my friends to be awake and see that I get a square deal everywhere.

Trusting that you will remember me on August 4th and cast your vote in the cross opposite my name, I remain,

Your friend,

James Proctor.

JUST A WORD

My last word to the people through the paper is that I am making my race by myself and I am not tied onto or hooked up with any one candidate or set of candidates.

Voters, please remember what I say. Yours for the nomination for Jailor on August 4th.

John M. Cress, Preachersville, an old Rockcastle boy, is a big trader of late. He bought the Paul Finch Place between Crab Orchard and Paachersville, last week, and this week bought the 190 acre farm of Hon. John W. Yerkes, near Danville, for which he paid \$200 per acre. He will sell his old home place, near Preachersville, and move to the Boyle county place.

MCKENZIE BROWN MAKING GOOD IN BRITISH NAVY

J. McKenzie Brown, the only son of Mrs. Cleo Brown, is doing splendid service and making a record worth while as a lieutenant in the British navy. He is stationed near Mesopotamia, and for some time has held the rank of sub-lieutenant. Recently he was decorated with the Distinguished Service Order insignia, which shows that he is doing his duty. His friends and the friends of his family will read with much pleasure of his splendid achievements. He hopes to come to America and spend next Christmas with his mother and grandmother, whom he has not seen for nearly nine years, but that depends altogether on the war situation.

B. F. LEWIS DEAD.

Frank Lewis, the subject of this memoir, was a son of David and Martha Lewis. He was born at Mt. Vernon, Ky., August 10, 1863, died at the Methodist hospital in Omaha, July 7, 1917, aged 53 years, 10 months and 27 days.

He was one of a family of nine children, all but one of whom survive him. They are Samuel William and Mrs. Bettie Whitehead of Mt. Vernon, Ky., Mrs. Alice McLaughlin of Albany, Oregon, Mrs. Lucy McCall, of Mareburg, Ky., and Allan and Roy Lewis of Glade Park, Colo.

Mr. Lewis received his education in the schools of Kentucky. He remained with his parents on the farm until he was of age then he went to Mercer county, Ill., where he continued farming for the next two years.

1886 Mr. Lewis came to Shelby county, Iowa. He worked on farms near Harlan for twelve years, and then he attained his ambition to own his own farm by purchasing the farm one and a half miles northwest of Defiance, where he continued to live until the time of his passing away.

Mr. Lewis was married to Bettie Wyland, July 3, 1890. To them were born seven children; Mrs. Blanche Egler, Ralph Ray, Gladys, Dale, Maurice and Gerald. Maurice and Ralph preceded the father to the Great Beyond, and others with the faithful wife and mother, survive the beloved husband and father.

Mr. Lewis was elected a member of the Defiance school board the year after his coming to Defiance and was a member continuously since. A year ago he was elected president of the board. The splendid efficiency of our city schools was largely due to his faithful work on the school board.

Last fall Mr. Lewis was a candidate for county supervisor, and the county was largely of the opposite political party to his, he was elected by a handsome majority and would have taken office the coming January.

Mr. Lewis was a member for many years of Guardian Lodge F. & A. M. of Defiance, and was always interested in the work of this order. He had a kindly disposition and was always a friend to those in need. His was a frank and open nature. He impressed all with the fact that he wished to be fair with all.

Mr. Lewis has always been a hard worker. Nothing was too much for him to do when the welfare of his family needed his best efforts. In his last illness, which lasted for several months, he kept at his work as long as it was possible for him to do anything. He doubtless sacrificed many days of his life by not giving up work sooner and consulting specialists for his malady.

The funeral services were held from the Methodist Episcopal church in Defiance conducted by Rev. E. B. Scoggan, at 2:30 P. M. Wednesday.—The Shelby County (Iowa) Republican.

W. F. Sheridan, who was once chief train dispatcher for this division, is the new Superintendent of the Lebanon branch and will take charge Aug. 1. Mr. Sheridan has many friends thru this section where he is well known.

Hidden Money Causes Murder

A REPORT from Quincy, Illinois, says that Mrs. Ellen Culliner, who lived near there, was killed by robbers who stole her money and killed her to cover the crime. She was thought to have large sums of money at home and this knowledge led to her death. The Bank is the safest place for money, and it is always a good plan to have a Bank Account and keep all money on deposit. Thieves do not risk the charge of housebreaking unless they are reasonably sure that there is money in the house.

BET YOU READ EVERY WORD OF THIS

The reason This Is done this Way is to Be Odd And Then I thought you Would fall for Wich you Did. Now, then, to go on: I desire to say To my friends That one week from Tomorrow, Aug. 4th, You are to select A Jailor for the Next Four Years. I am depending On you to help Me win this race, If I fail to get To see you Remember Your old friend, Little Tom Taylor

P. S.—Keep an eye on Little Tom.

TO THE REPUBLICAN VOTERS OF ROCKCASTLE COUNTY:

This will be the last appeal that I will publish to the voters in the interest of my race for Jailor of Rockcastle County. I want you to think seriously over this matter and remember that in voting for me, you are voting for a man who is sober; who will treat every man fair and who is not able to do manual labor for a living. In regard to the work of the Jailor at the Court House, I wish to say that if elected, I will expect what the law plainly allows me and no more, because a man who will cut the salary of one office against the law, might do the same thing with another man's wafes, if he had a chance.

My name will be the thirteenth on the ballot and I appeal to you to assist me in my efforts to secure the nomination, and in doing so you will render me help which I will use all my power to return to the people in honest, faithful service, should I be nominated and elected.

Yours very truly, EUGENE GENTRY.

LINCOLN COUNTY DAY

A FAIR THAT HAS STOOD THE TEST

LOCATED in the very heart of the farming part of the County, the BRODHEAD FAIR has labored unceasingly for the promotion of agriculture and stock raising. Since its inauguration 22 years ago, these interests have advanced more than fifty per cent, due largely to its influence. It is not run in the interest of money-making, yet has always earned a good per cent on investment. Its watchword is good will, encouragement and service. Its mission is not only to encourage the development of the natural resources of the County, but to promote the good will and a hearty co-operation among its people. These are some of the reasons why the people keenly appreciate and patronize the BRODHEAD FAIR. Other reasons are because of liberal premiums, fair treatment and a hearty welcome. There still other reasons. We have one of the best and most commodious grounds in the State. Our good roads, splendid groves, fine drives and promenades, and wells of inexhaustible cold water make it an IDEAL SPOT for THREE BIG DAYS' OUTING.

Competent Judges from Lexington and other cities tell us that our FLORAL HALL is never excelled by any County Fair in the State.

(Continued from 1st page)

he claimed were the receipts and disbursements from the general fund for 1916 and then asking where the rest of the money was. He failed to give you all the expense of the county by a lot. If I had space, I would give them to you, including a large item to the Sheriff for collecting all the tax for that year, but if he had taken the time to look into it, he would have found that at the beginning of 1916, there was a large deficit in the general fund which exhausted all the difference he attempted to make and several hundred dollars besides.

Another charge is that I failed to do my duty and the county had to hire additional counsel. It is true that when Mr. Winstead sued the county in regard to the service of janitor just after I went into office, that the Fiscal Court employed a man to assist me in that case, believing that it was of sufficient importance to the taxpayers that there ought to be no mistake. In another case in which the county was condemning a right of way through Mrs. Hiatt's land, my opponent filed a claim for damages against the county for Eleven Hundred Dollars for building a road through a farm which was listed for taxation at Five Hundred Dollars and it being in a sense, a test case on the right of way proposition, the Fiscal Court employed an attorney to help me, as they had a right to do, if they wanted to. Despite the fact that he is trying to leave the impression that I neglected the interest of the county in these matters, I was present at all times, helped get up the evidence, try these cases and did all I could in any way for the protection of the taxpayers.

I have no idea what my opponents will attempt to make people believe, as an eleven-hour scheme, to defeat me for this nomination, but I ask you to look closely into any report circulated on the eve of the election and if possible report it to me. I promised the people four years ago that I would do the very best I could, and I know I am better qualified to fill this office than when I took charge of the office then.

This is not only a fight between me and my opponents—it is a fight for temperance against intemperance. It is a fight between drunkenness and sobriety in office; between clean government and corrupt policies, and whether I win or lose in the race, the fight to better these conditions must go on, and it matters little what your obligations to either of the candidates may be, you owe a greater obligation to the boys and girls of this county, who must spend four years under the leadership and example you select for them on August 4th.

I appeal to you in their name to place your approval upon my record as an official, and I promise that in the next four years, as it has been in the past four, there will never be a time when you need be ashamed to bring your wife, sister or daughter into the office of your county attorney, and that you can feel sure that if you do, they will not be shocked at the door by an oath, the smell of whisky or perhaps some filthy story. And I want to ask you, if you are near enough, to come to some of my speaking engagements, where I will go more into detail into the issues of the campaign.

Very truly,
E. R. GENTRY.
